Subject: **Incomplete Tennessee Multi-Sector General NPDES Storm Water Permit Application**
Tracking Number TNR051468
ABB, Inc.
Alamo, Crockett County, Tennessee

Dear Ms. Brisbon:

The Division of Water Pollution Control (division) acknowledges receipt of a Notice of Intent (NOI) under the Tennessee Multi-Sector General Permit (TMSP) on June 11, 2009 to renew coverage, TNR051468.

The division's review of the NOI has determined that your application is incomplete and coverage can not be issued at this time. You indicated that a Storm Water Pollution Prevention Plan (SWPPP) was not developed for your operation.

In order to complete the permitting process and issue you current coverage under the TMSP permit, the division needs verification that a SWPPP has been developed.

If you have questions, please contact me at (615) 532-0684 or by E-mail at Jim.McAdoo@tn.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Vojin Janjic".
